City State Zip

ATTS is not responsible for any expenses incurred by any organization or individual in conjunction with holding this test.

A SOUND MIND IN A SOUND BODY

Test Equipment

The equipment necessary to hold an ATTS Temperament Test is categorized as:

Required
Suggested, and
Optional

Required Test Equipment:

- An American flag at the beginning of the course.
- Three blinds – for subtests 3 (hidden noise), 4 (gun shots), and 8, 9, 10 (weird stranger); the station worker must be completely hidden from the dog's view. If dense bushes or trees are not available, then Schutzhund blinds or large cardboard boxes or any other suitable hiding place for the station worker must be provided.
- Large (2-4 gal) metal bucket or pail with a few rocks or chains or nuts and bolts.
- A .22 caliber (starter) pistol with sufficient extra loud cartridges (at least three per dog to be tested).
- Adequate ear (noise) protection for the Station Worker at the gunshot subtest.
- A man's black normal sized self-opening (spring-loaded) umbrella.
- Clear (transparent) plastic sheet, 15 feet long and 6 feet wide (at least 4 mil thickness is recommended).
- An unfolded wire exercise pen, approximately 12 feet long and 3 feet wide when unfolded.
- An oversized rain/overcoat to be worn by the weird stranger.
- A protective sleeve to be worn under the rain/overcoat, completely hidden.
- A riding crop, 36" to 48" in length, or a stick no heavier or longer than the riding crop.
- A large brimmed floppy hat (to be worn by the weird stranger).
- Plastic grocery bags (2) with 8 to 10 aluminum cans used as "attention-getter" by the weird stranger.
- Markers for the various subtests, the start of the course and the critique area.
- Table for the Test Secretary with the following items:
 - Clipboards (for testers)
 - Stapler
 - ATTS forms
 - Black (blue) pens
 - Emergency phone numbers, addresses and directions to the nearest Medical Facilities and Veterinary Services
- Chairs for the Station Workers and the Test Secretary.

Suggested Test Equipment:

- Extra .22 caliber (starter) pistol or two 2 x 4's each 12" long.
- Extra man's black normal sized self-opening (spring-loaded) umbrella.
- Rope (to rope off test area).
- Surveyor's tape (to mark the path through the test course).
- Extra leash and collars.
- Canopy to provide shade for secretary and testers.
- Sanitary facilities.
- Water for dogs.
- Tape measure.
- Clean-up tools and disposal bucket.
- Simon & Schuster's *Guide to Dogs* by Gino Pugnetti, edited by Elizabeth Meriwether Schuler.
- Trash disposal cans.
- Tent pegs (to hold down exercise pen).
- Refreshments for the station workers and testers.
- Signs:
 - Direction to test site
 - Parking area
 - Entrance/Exit (to/from test area)

Optional Equipment:

- Recording of National Anthem
- Video Equipment (to tape individual dogs)

- NOTES:**
- 1. This form will only be accepted if both pages above are printed on one sheet of paper.**
 - 2. Download and print “Test_Flyer” also to send with this application.**
